## YEAR OF ACCOUNTABILITY

We have witnessed a year that made each and every day of campus life productive for students and teachers. "Being Accountable" was the guiding spirit of all in the institution- true to the theme of the academic year 2023 - 2024 "Year of Accountability". The members of the faculty have demonstrated their accountability as always by giving their best to the task of teacher preparation. New student-centric teaching methods, integration of new technologies and innovative approaches to learning have been adopted making teachers accountable for preparing teachers of the highest standards. The institution has been accountable to the welfare of the society by organizing a wide range of outreach activities, by promoting awareness on environmental issues, by catering to the needs of the marginalized sections and by responding effectively to the flood induced crisis. All the staff of the institution have been accountable in a commendable way for maintaining the quality of the services offered by the institution. The theme for the next academic year is "Innovation" and the year 2024-2025 will be "Year of Innovation".

## CONCLUDING REMARKS

*Our journey in the teacher education landscape of the country is not always smooth. Our ride is on a bumpy road with many hurdles on the way. New surprises are imminent with the implementation of New Education Policy and we continue our journey with a determination to provide the best education possible to women who aspire to become teachers. The gem cannot be polished without friction, nor man perfected without trials. The more difficulties we face, the more radiant we will emerge. I take this opportunity to reaffirm our commitment to take Annammal to greater and greater heights. Let me conclude with my sincere thanks to the management, staff and students for making this year replete with great learnings and wonderful memories.*
