ANTI-DRUG AWARENESS CLUB

Anti-Drug Awareness Club of ACE aims to create awareness among students and the public regarding the ill effects of drug abuse on health, academics and social life. The Club educates students about the risks of substance abuse, promotes healthy lifestyle choices and works to reduce the stigma associated with seeking help. To achieve this, the Club organizes a variety of programs and activities throughout the year.

Objectives

- To create awareness about the dangers of drug and substance abuse
- To encourage students to make healthy and drug-free choices
- To develop leadership qualities and social responsibility among students
- To provide support and guidance for students facing drug-related issues
- To promote a safe, healthy, and drug-free campus environment

Activities

- Organizing seminars, workshops, and expert talks on drug prevention
- Conducting awareness campaigns, competitions
- Collaborating with health professionals, NGOs, and government agencies for awareness programmes
- Observing important days related to health and drug prevention
